

"I have always loved the game and I have always loved the club. The satisfaction of playing the game I love, for the club I love, has always been enough for me".

ROY SPROSON

A NEW DAWN HAS ARRIVED.

.....

2013 is an opportune time to move forward, while remembering where we have been as a Football Club.

Port Vale's record appearance holder Roy Sproson stayed with the club from its highs in the early 1950s and through the lows of the late 1960s.

Our new memorial statue represents a true Vale supporter.

OUR HOME.

.....

We're proud to be from The Potteries.

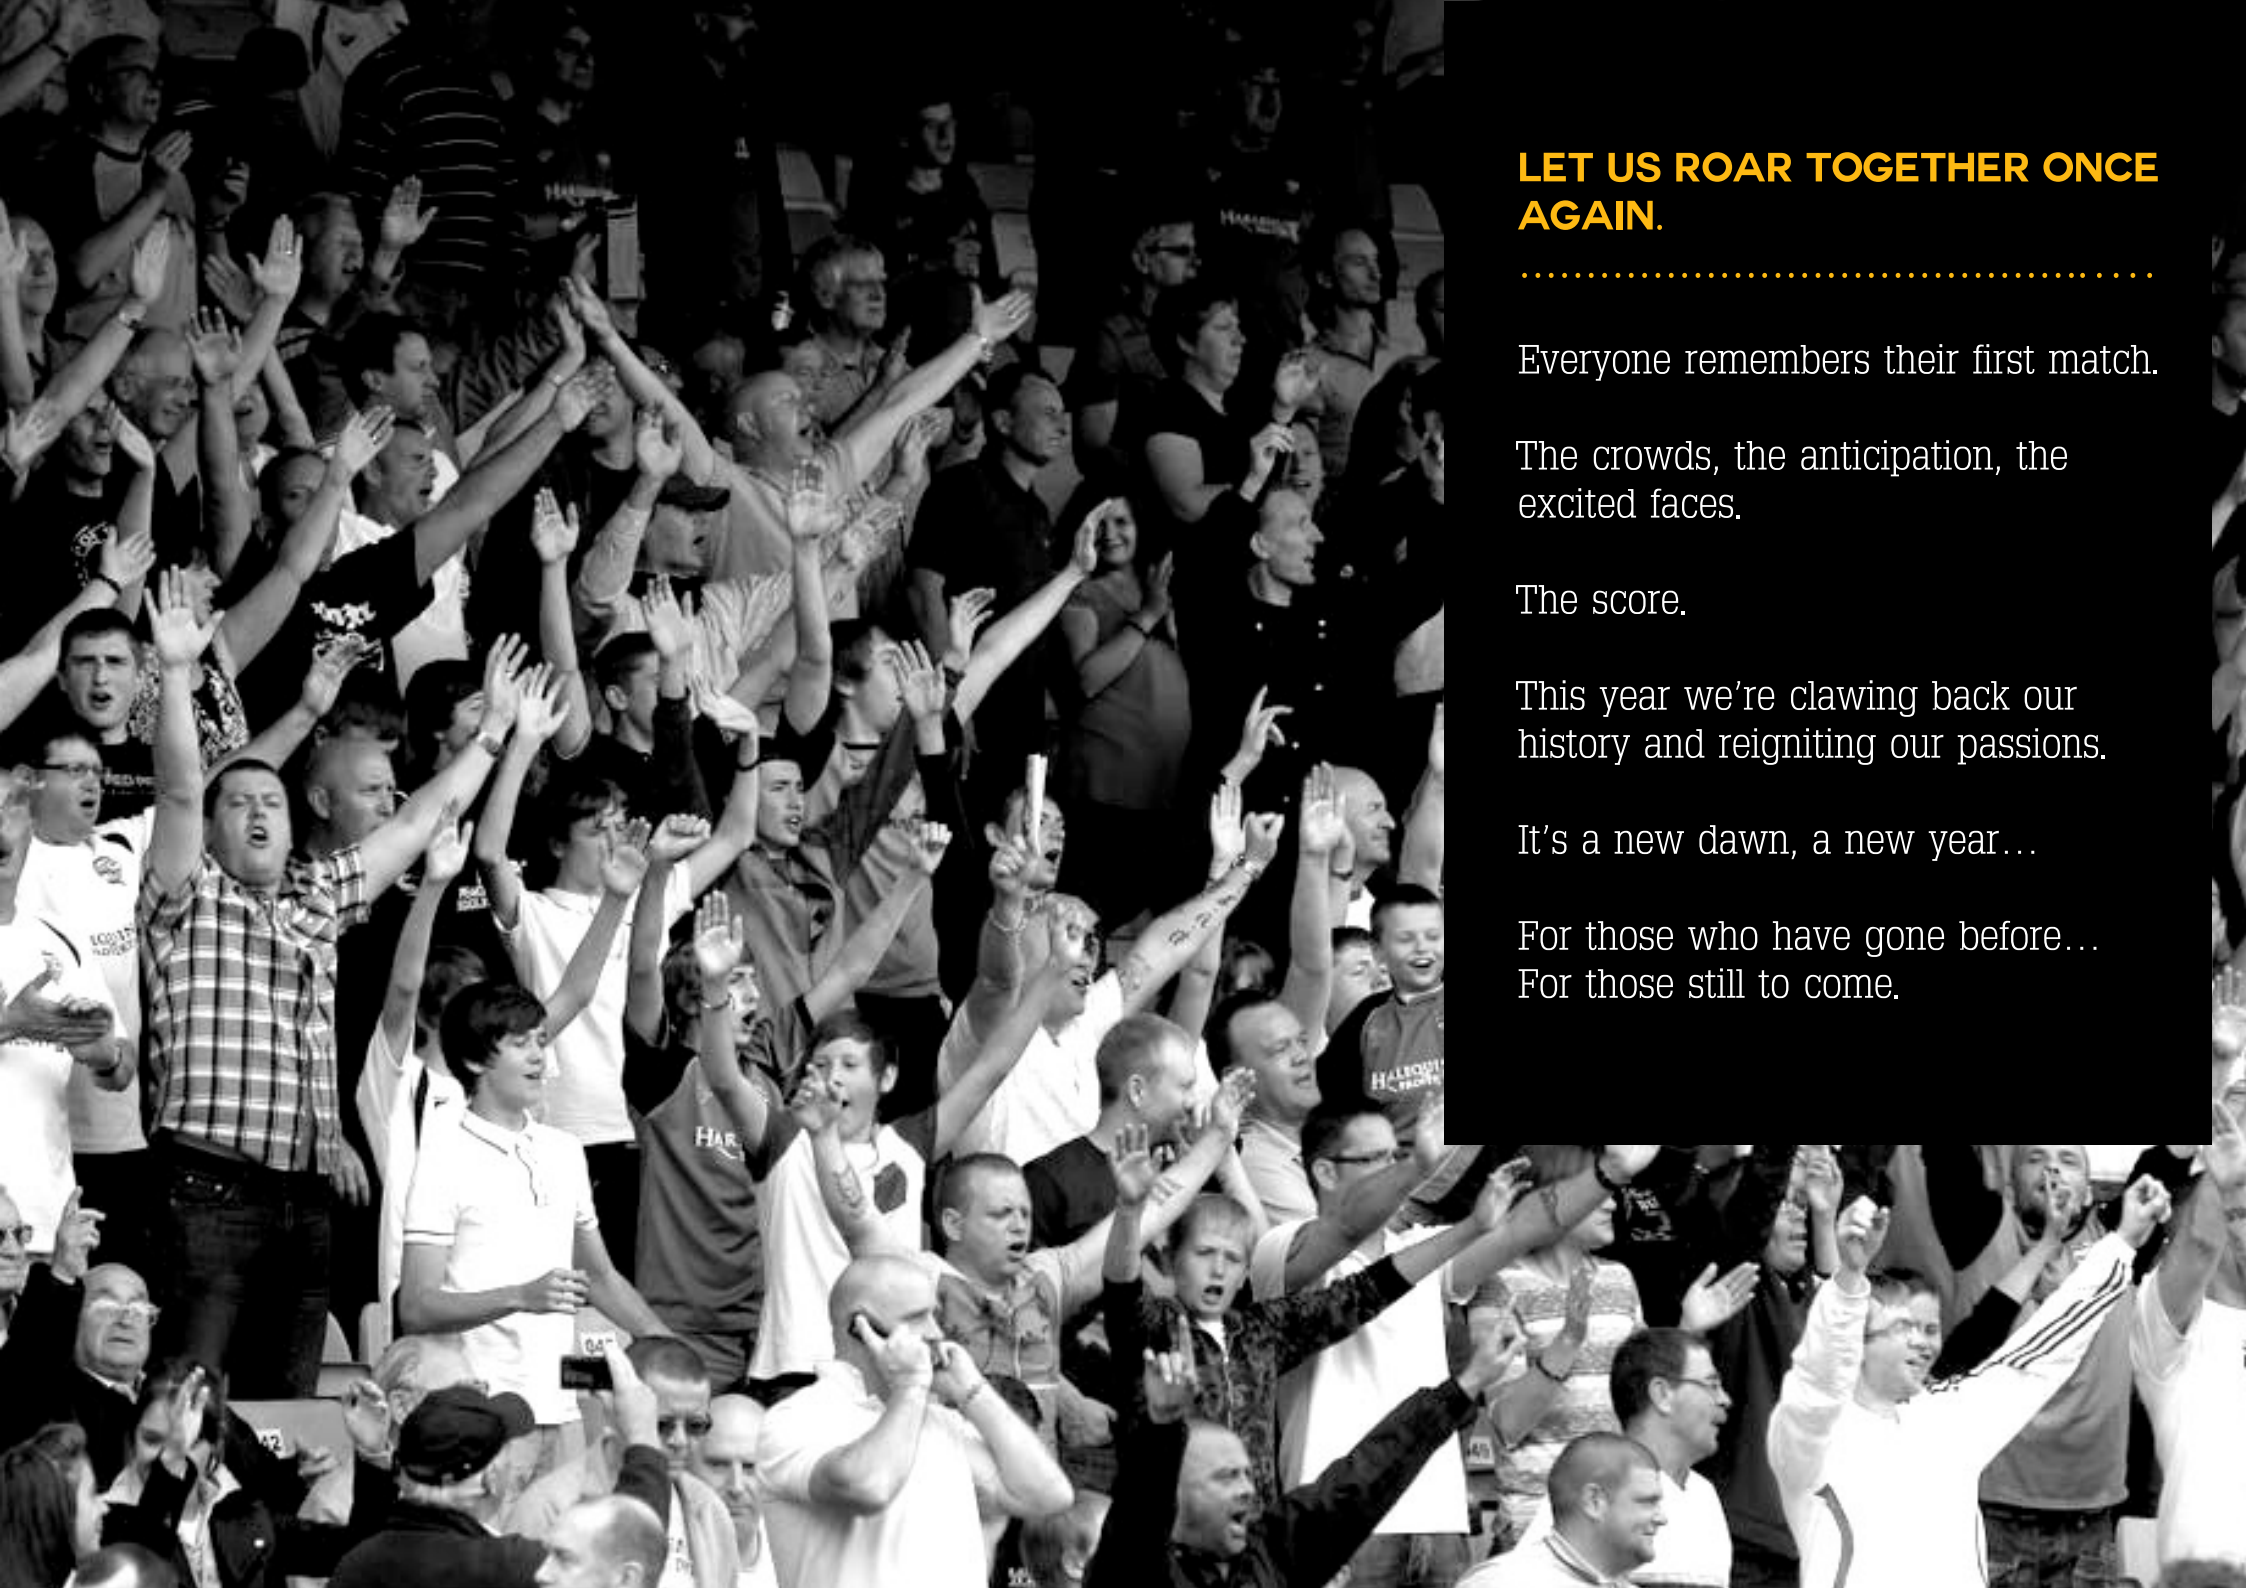

We're proud of our industrial past and present.

We're proud to say we share a home with musicians, entertainers, entrepreneurs and innovators.

We're proud to be supported by our loyal, vocal, and passionate fans.

Bound together by a common passion and solid unity whatever the result.

LET US ROAR TOGETHER ONCE AGAIN.

Everyone remembers their first match.

The crowds, the anticipation, the excited faces.

The score.

This year we're clawing back our history and reigniting our passions.

It's a new dawn, a new year...

For those who have gone before...
For those still to come.
